## JESUS The Gift that Keeps on Giving

A few months ago I went to the Gen. George S. Patton Museum out near Indio CA with our accountant, board member and all around good friend, Jim Adamik. As I sat watching a short documentary on Patton's war maneuvers, I was struck by his attitude that "There is no 'holding ground', soldiers must always be advancing." And when he ran into an obstacle that was immovable, he had a prayer written and handed out to the troops asking God to provide "clear weather" so that they could continue advancing. I believe this idea holds true for those who call themselves "Soldiers of Christ." Never holding ground, Always advancing! In all that we have done in Uganda, there was never the attitude of "We can't afford to do this!" Always knowing this was God's direction, we have never counted the cost or even thought of failure as an option.

Recently we were notified by the owner of the Children's Home we rent in Kampala that he wasn't going to renew our lease as of July 31, 2013. We didn't bat an eye and just said to ourselves, "The Lord will provide another place to rent, He gave us this place, didn't He?" Little did we know that the same time we were being given notice to vacate, God was already providing the FULL \$79,000 to build the Children's Home on Graceland outside of Kampala. We have never, and when I say "We", I mean the Adamiks, Aindrea Kiss, The Hubbards, the

Malmes, Leslie Whitehead, Gary Zielke, Mama Sarah, Driver Henry, those who return to Uganda with us each year and sacrifice for the children of Loving One by One, and ALL those deeply involved with this ministry - too many to name because the list would take the whole page. As I was saying, WE have never stopped advancing from when we first started looking for the right piece of property, to clearing the land, putting up the gates, digging the water well, preparing the land, and now, building the children's home. As we have completed one task, God has always provided the funding when it was time. As we "advance" for His work, He prepares the way. There has never been "holding ground" for LOBO. And as for the persons who provided the funding, we are sworn to secrecy...they have been a BIG PART of this ministry and we are incredibly grateful for their listening to the Lord's leading. And the coolest part was, they didn't even wait until they "won the lottery" to do this, because they are not rich people, just obedient. So now, let's move on to building the children's home... there is still much to be done. So in the meantime, I have so much to learn about Solar Power, Wind Turbine and farming...gotta get back to work now... - Written by Ken Roberts

## Teacher Shannon and Her P3 Class at New Creation Centre Uganda

I am thankful for being able to be a part of this ministry. I love the family at the children's home, and the staff and the children at the school. When I first came, I was overwhelmed by the faith of the staff and children. Getting to worship, do devotions, and pray with the family daily has given me so much faith, peace, joy, and knowledge. Everyday the children pray knowing that what they ask for, their father in heaven will provide. It inspires me so much. They prayed so much over the finances of Graceland and their prayers were answered. I am so thankful to see God moving in such big ways and to see young children living their lives completely devoted to God in such big ways!

This is a picture taken at our Thanksgiving party. I gave them cupcakes, a cookie, and we watched Return of the Jedi. I mean, what else do you watch on Thanksgiving? Note my drawing of a turkey on the board. I just drew a big hand and made a turkey like I used to in elementary school. I am soooo artistic!

# These Four Girls Need a CHRISTMAS MIRACLE They need Sponsorship for their Secondary Education Immediately

**MARTHA DIANE MBAMAZI** is 16 years old and her favorite subject is Science. She found out about New Creation Centre when she was staying with her grandmother, and a student's uncle was concerned about her not going to school. Her grandmother and auntie use to pay for her school fees until they couldn't afford it any longer. Diana sat home for 3 years. She was brought in for an interview and didn't pass because she had forgotten everything she had learned 3 years prior. But because of her need - she was offered a place at NCC in 2008. Diana's mother passed away years ago and she doesn't know where her father is. Due to various reasons, we have removed Diana from her grandmother's home and placed her with one of our teacher's family - giving financial support to that family. Diana asked Jesus into heart in 2009 after one of our chapel services when our Chaplain Chris invited those who wanted to receive Jesus. Diana wants to be a **LAWYER**. When asked what she would like to do in the future to make Uganda a better place - she replied "Helping street children by giving them a home and providing them with an education." Diana says what she loved most about New Creation Centre was that the teachers were approachable, and she loved chapel time.

**ROBINAH ABBE** is 14 years old and her favorite subject is Math. She was not in school and found out about NCC through her aunt. Robinah was living with her mother but then moved in with her grandmother in order to attend NCC. She was admitted to our school in 2007. She currently lives with her grandmother and 5 cousins. Robinah walks 2 miles each way to school. She accepted the Lord in 2007 during one of the chapel services at NCC. Robinah wants to be an **ACCOUNTANT**. When asked what she would like to do in the future to make Uganda a better place - she replied "helping orphans and street children by giving them free education." Robinah says she loved her school because "we put God first, we were given things like soap, toothpaste, underwear, sanitary pads, Vaseline, bras, deodorants and many other things."

**IMMACULATE ATIMANGO** is 12 years old and her favorite subject is Math. She says she found out about New Creation Centre from her neighbor. She interviewed and was accepted to NCC in 2009, and she walks over 2 miles to school each day. Immaculate lives with her mother, father and two sisters. Immaculate accepted Jesus in her Sunday School class in 2008. Immaculate wants to be a **NURSE**. When asked what she would like to do in the future to make Uganda a better place - she replied "I would like to sponsor children who are needy." Immaculate says what she loved most about New Creation Centre were "her friends at school and the way our teachers loved us."

**CLARA TIKO** is 14 years old and her favorite subject is English. She found out about NCC through our former custodian who was a good friend of her auntie. She was brought to the school for an interview, but failed. She was accepted to NCC anyway because of the need for her education. She had been out of school for over 1 year because her mother could not afford her schooling. Clara lives with her mother and has never seen her father. Clara accepted Jesus in 2010 after seeing the Jesus movie. Clara wants to be a **NURSE**. When asked what she would like to do in the future to make Uganda a better place - she replied "Build a hospital and help sick children and people". Clara says she loved NCC because "it offered free education and because our teachers and sponsors love us."

## SPONSORING FOR SECONDARY SCHOOL

Full sponsorship of one of our four students in secondary school is \$100 a month. This includes education, boarding, uniforms, school & boarding supplies and holiday transport to and from school 3 times a year. Available are half or third support sponsorship, \$50 or \$35 a month. You will be making a **HUGE** difference in the life of one of these girls. Sponsorship donations are tax deductible.

## Giving Treated Mosquito Nets to the GRACE Land Village Community

*Treated Nets Effectively Reduce Malaria*

Malaria is one of the leading causes of death and disease worldwide, but especially in sub-Saharan Africa. The malaria-causing mosquito bites between dusk and dawn, which means sleeping under a net drastically reduces the risk of malaria. However, millions of Ugandans do not have a net. Here's how you can help! A Christmas gift of \$10 will purchase a treated mosquito net for a GRACE Land community neighbor.

### MALARIA & CHILDREN

It's the biggest killer in Africa among children under 5, accounting for 90% of malaria related deaths. Those children who suffer from repeated bouts often incur anemia and exacerbate malnutrition, which can lead to other potential child killers, diarrhea and pneumonia.

**A CHILD DIES EVERY  
45 SECONDS FROM MALARIA**

### MALARIA & TREATED MOSQUITO NETS

Treated nets not only protect the families sleeping under them, but also help reduce the amount of malaria-causing mosquitos in the community, by killing those mosquitos who come into contact with the nets. The nets LOBO will provide will have an insecticide within the fibers of the net, killing pesky mosquitos and other nighttime "eaters". Many of these nets can be washed up to 20 times and still remain effective!

## WHO WE ARE AND WHERE WE SERVE

Loving One By One Ministry was started in January 2005 by Ken and Sherry Roberts whose passion for the poorest children of Uganda led them to start New Creation Centre, a school offering free education and 2 hot meals a day for refugee children from northern Uganda and Sudan. Their vision was to be able to reach many more refugee children for whom education would be otherwise impossible. In 2007, LOBO established New Creation Family Home, providing a home for orphaned children. Both NCC and NCFH are staffed by qualified, caring Ugandans with NCFH operating in a true family atmosphere. Now that LOBO has acquired the 9 beautiful acres of land, the next immediate goal is to establish a village atmosphere for New Creation Family Homes and School. Here children will learn to grow their own food, care for farm animals, and practice life skills enabling them to contribute to the local community. A future goal is to add a medical clinic offering quality health care for the poorest in the surrounding area.

## PRAISES

**PRAISE the Lord** for our “secret donors” and the \$79,000 donation given for the building of the children’s home on GRACELand.

**PRAISE the Lord** for two very successful crafts sales that generated over \$2700 for medical needs and the moving of the children’s home.

**PRAISE the Lord** for Christmas gifts that generated 130+ mosquito nets for our neighbors at Graceland. We are looking forward to passing out the treated mosquito nets to our neighbors knowing they will be blessed, and safer from contacting the deadly disease of Malaria.

**PRAISE the Lord** for HIS continual faithfulness and blessings in funding for Loving One by One Ministries. We serve a BIG God!

## PRAYERS

**PRAY** for four of our P7 students who still need sponsorship in order to attend move on to secondary school.

**PRAY** for the fifteen January team members who will be serving in Uganda. Pray that God will use each one of them in a mighty way as we minister to the poor of Uganda.

**PRAY** for wisdom and continued funding of the building phases of the projects. PTL God provided the money for the land and He CAN provide the LARGE amount needed to build. If you would like to know more about the project and amount needed to complete each phase, please email us at **sherryroberts77@yahoo.com**.
